

# QUEST - LAMINATE

## Laminate:

Quality laminate panel construction using thermally-fused melamine.

## Primary Worksurface:

Worksurfaces are 1.125" thick thermally-fused melamine with high density fiberboard. Durable scratch-resistant matte finish on all units. Tops have a scratch-resistant edge coating that helps protect from surface abrasions.

## Pedestals:

Full or 3/4 pedestals with full modesty panels are standard.

## Wire Management:

Wire management is standard in returns, bridge units, credenzas, corner units and hutch units.

## Drawers:

Maple-finished drawers use four-sided folding miter construction.

## File Drawers:

Box and file drawers have full extension, progressive action slides with steel ball bearing suspensions. They accommodate letter or legal filing.

## Locking:

Pedestal locks secure all drawers with the turn of a single key. All units are standard shipped keyed alike. Specific key requirements may be specified on the purchase order at the time the order is placed for field installation (ships separately). Removable lock cores allow for re-keying in the field. See page 3 for options and order information.

## Filing:

See page 152 for diagrams of all Quest filing capabilities.

## Finish Options:

(LC2) Light Cherry

# QUEST - LAMINATE

## How to order L's and U's:

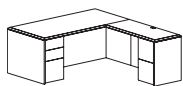

You can build a multitude of L's and U's by simply specifying the components needed such as desks, bridges, returns and credenzas. We offer these components individually so specifiers can select the exact shape and size needed.

## L's:

To build an L, select a single pedestal desk and a return. Right L's require a left pedestal desk with right pedestal return. Left L's require a right pedestal desk with a left pedestal return.

## U's:

To build a U, select a single pedestal desk with a bridge and a single pedestal credenza. Right U's require a left pedestal desk with right pedestal credenza (bridge in between). Left U's require a right pedestal desk with a left pedestal credenza (bridge in between).
